

POPPY APPEAL

Patron: Her Majesty The Queen

Let's Paint the Town Red – Once Again

Retailers and businesses in Cowbridge had a big influence on the success of just year's Poppy Appeal by dressing their windows in support of the appeal. The eye-catching, imaginative and very colourful displays, created a warm feeling towards the Poppy Appeal and encouraged both locals and visitors into the town. Just take a look at this letter as a reminder – sorry if we have left you out.

This year is the 100th anniversary of the end of WW1, a special commemoration for the Poppy Appeal, and we are seeking your support once more. This is our third year of "Paint the Town Red". Last year was bigger and better than the year before and this year we are hoping we can persuade even more businesses to take part.

Around 80 shops and businesses accepted the "Cutting Edge" large felt poppies and "Supporting the Poppy Appeal" windows stickers last year and we will be supplying them once again this year.

Please take part and help us. If you can decorate the whole of your window – that's brilliant. If not, just a small corner of red will demonstrate your support and help create that all important "atm osphere".

The Poppy Appeal this year runs from Saturday 27th October to Saturday 10th November, with Remembrance Sunday aptly, falling on the 11th November.

Your support would be very much appreciated. If we can help you in any way please call David Howell, Poppy Appeal Organiser on 01446 774306.
