

Following recent events, discussion took place at last night's Council meeting about the negative and sometimes tragic effects that bullying and harassment can have on people's lives.

I am delighted to report that the Town Council has taken the initiative to become one of the first Town Council's in Wales to champion the "Be Kind" ethos and have unanimously agreed to adopt a Be Kind Logo to sit alongside the Town Council's Crest.

As Town Councillors who have signed up to the Code of Conduct, adopted a social media policy stating such behaviour is unacceptable and as representatives of the people living in the community this is a positive way of trying to lead by example.

The logo will be included on Town Council letter heads, documentation and on the Town Council
