

Town Clerks Report 17th May 2023

We still have one member vacancy for the ward of Aberthin which is currently being advertised for co-option.

The Coronation weekend was a fantastic success and it was a superb team effort between the community and the council. There have been numerous emails and messages of thanks, saying what a wonderful success it was and calls for a spring/summer event to take place every year.

This week a company came to carry out an anchor bolt check on the catenary wires across the High Street, once I receive a report, I will gather together examples of Christmas lights, with an aim to purchase new strings for Christmas. On that note, I am looking for volunteers to take part in the Christmas Working Group.

Pride week is in June and I hope that as per 2022, the council will support the week of events and raise the Pride flag on the town hall.

The new Mayors Civic Sunday will be in July and the date confirmed by the next meeting.

The internal audit for 2023/23 is complete and once the annual return has been signed off by council, I will submit to the Wales Audit Office.

The Deputy Town Clerk is on long term sick leave and the staffing committee agreed for me to employ a temp for ongoing admin support.

End.
