

## Report of a meeting of THE ALLOTMENT AND RECREATION GROUND CHARITY on 10<sup>th</sup> October 2023

The Charity has been barely functioning for several years as it distributes income only and this is about £2-3000 per year. The sums are therefore small and it is difficult to publicise their availability so it received few requests for funds.

After initial discussions with the Charity Commission it was agreed that it would be best to wind the charity up and it was agreed that the capital of about £60,000 would be divided into 4 parts being one part to each of the parishes set out in the trust deed.

The trustees agreed to approach organisations in each parish to see if they would qualify and present the list and proposal to wind up to the Charity Commission for approval. If this was given, the winding up process would be undertaken and the funds distributed.

Cllr. Beverly Tonkin
