Hi Clair,

I trust all is good with you?

Apologies for all the comings and goings on this, the building proved to be quite a jigsaw puzzle and the historic base indicates some very interesting anomalies that threw us beyond the conventional survey.

However, I think we have cracked it now. Please can you review the attached and let me know if all is to your satisfaction to allow me to set up a OneDrive folder and export all the file formats to allow you to distribute.

<https://cloud.chaos.com/collaboration/n/24qZzEnqqd2Zgvs2wucEKx> this link will also take you to the model to allow you to spin around it.

If all is ok I will look to finalise next week

Kind Regards

Nick
